Principal's News

Dear Parent/Guardians:

The month of April brings puddles, mud, and longer days! Fresh air and more outside play time makes the need for consistent bedtimes. This ensures they will be able to do their best learning at school. April also brings a focus on health and the Earth. On April 7th, we will acknowledge World Health Day and on April 22nd we will celebrate Earth Day. We are starting to think ahead to get our school gardens ready for planting and our school playground projects will be getting underway

shortly. I hope you all enjoy the April showers as they bring May flowers ☺
